THIEVES RAID TURKEY COOPS

Mrs. Lot Holman of Near New Salem is Again Infested by Robbers After Lapse of a Year.

ABOUT FIFTY ARE STOLEN

They Are Taken at Three Different Times and Always on Sunday Night—Reward For Information.

Once more Mrs. Lot Holman, living near New Salem, has been infested by turkey thieves, who, in the last three weeks, have stolen about fifty turkeys at three different times. They would have been worth approximately \$175 when they were placed on the market, according to Mrs. Holman, so the loss is considered by her that great, due to the fact that the fowls had passed the stage in their life when they were most likely to die.

When Mrs. Holman first discovered three weeks ago last Sunday night that turkey thieves had been visiting her hen coop again after a lapse of over a year, she decided to keep a policy of silence and see if she could not locate the robbers. Then the second and the third time the robbers visited her coop and she decided to do a little detective work on her own account.

Mrs. Holman says that she suspects two different persons and that she may any day locate some of her stolen fowls. However, she announced that she would pay a liberal reward for information which would lead to the arrest and conviction of the guilty persons. Mrs. Holman says she has an idea where some of her turkeys have been taken and that she is going to visit that place soon.

Mrs. Holman had an experience with turkey thieves two years ago. She did a little detective work that time and found a good many of her stolen fowls on the farm of a woman. Mrs. Holman made her return all that she could find, but there were still a number missing. Mrs. Holman later heard of the remainder of her stolen turkeys being sold at Thanksgiving, but had no way of proving that they were hers. When she received the first bunch, Mrs. Holman had quite an exciting experience because the woman threatened to shoot her, but later changed her tactics when she found Mrs. Holman was prepared for the emergency.

Mrs. Holman has lost only two turkeys by death this season, which is unusual because of the fact that young turkeys are hard to raise, and she was counting on making a good sum of money off them. When they are ready for the market, hens sell at an average price of four dollars and toms at six dollars. Mrs. Holman had brought 139 of them through the trying stages and they had reached the point where they were out of danger. Now she has a little more than seventy-five left.

It is a strange thing that the thieves have always visited the place on Sunday night. Three weeks ago last Sunday night Mr. and Mrs. Holman were awakened by a noise in the turkey coop and Mrs. Holman rushed out, calling to her husband to bring the lantern. The robbers had gone, but they had crushed two of the young turkeys in their scramble to get away. Mr. and Mrs. Holman were able to track their buggy. It came in from the north and left on the east road. They were able to follow the tracks of the buggy for almost a mile, but finally lost them.

A week ago Sunday evening the robbers came again, but they did not

CHARTER SPECIAL TRAIN

For Picnic to be Held at Fair Grounds July 16.

A committee from the Antioch Baptist church, Indianapolis, was in the city today and made arrangements for the annual picnic of the church to be held here July 16. The picnic will be held at the Rush county fair grounds. It was first planned to hold the picnic at the city park but this was found to be too small for the crowd that is expected. The church people will come here on a special train over the C. H. & D. and the people in charge expect one thousand to attend.

BOY SCOUTS PLAN A TEN DAYS' CAMP

Arrangements Will be Completed at Meeting at Main Street Christian Church Friday Night.

TO OPEN JULY 22 NEAR CITY

L. B. Smelser, Boy Scout commissioner for Rushville, announced this afternoon that a meeting of all Boy Scouts of the city will be held at the Main Street Christian church Friday evening at 7:30 o'clock to have the boys register and to complete plans for a campaign trip to begin Wednesday, July 22 and to last eight or ten days. All Scouts of all churches are urged to attend. The executive council met this morning and arranged with Carl E. Webb to have charge of the camp.

Fishing, swimming, boating, games Scout drill and other things will be on tap all the time. The camp will be in a splendid location four or five miles out of the city. The camp was suggested some months ago at an organization meeting.

It is hoped to organize several live Scout patrols following the camp, which will be held to interest boys in Scouting work. It is possible to have several patrols here. The Scouts are non-denominational and it is urged that every Boy Scout in Rushville be present Friday night.

LUNG IS PIERCED BUT MULE LIVES

Peculiar Accident, Unheard of by Local Veterinarians, Happens on Farm of William McKee.

WAS A STICK 22 INCHES LONG

A mule belonging to William McKee, near Orange, met with a strange accident Monday evening, when a stick 22 inches long and an inch square was run through one of its lungs. The stick was run almost the full length and only a small piece projected. As soon as the accident was noticed, Dr. Drago was called and the stick was removed with difficulty. The lung was pierced and at every breath the air would escape through the hole.

This is the first instance that is remembered by local veterinarians, that an animal lived, after such an accident. This morning the mule was getting along all right and the doctor has not given up hopes for its recovery.

DIED DAY BEFORE 79TH BIRTHDAY

William Harlan Lee Expires at His Home in Arlington Tuesday Night of Apoplexy.

WIFE DIED TWO MONTHS AGO

Saw Service in Some Notable Engagements in Civil War as Member of Light Artillery.

William Harlan Lee, 78 years old, a well known resident of Arlington and Posey township, died last night at eight-forty-five o'clock at his home in Arlington following a brief illness. Last Sunday about noon Mr. Lee suffered a stroke of apoplexy and little hope was maintained for his recovery. His death came as a shock to his many friends and relatives.

Mr. Lee would have been seventy-nine years old had he lived until today. He was born on a farm near Arlington on July 8, 1835 and had lived in that township all his life. He was a son of the late Elzy and Sarah Lee. Mr. Lee was married to Miss Catherine Nelson on August 3, 1865. Mrs. Lee passed away just two months ago today.

Mr. Lee received a common school education and then attended for a time an academy near Hartsville, Bartholomew county. Following this he taught school for four years and when the civil war started Mr. Lee enlisted in the Twenty-second Indiana Light Artillery. He served throughout the war and was in some notable engagements. He participated in the siege of Nashville and the battle of Kennesaw Mountain, Ga., and Franklin, Tenn., and the siege of Atlanta.

After the war Mr. Lee gave his attention to farming in Posey township and in this line met with great success. He was a member of the Christian church and was a highly esteemed citizen. During the past few years because of his advanced age Mr. Lee had not been actively engaged in farming and moved to Arlington.

He is survived by six children, Mrs. Lon Ellison, Arthur Lee, Mrs. Fanny Benjamin, Mrs. Lee Hinderlitter, Rush Lee and Royal Lee. The funeral services will be conducted tomorrow afternoon at two o'clock in the Arlington Christian church by the Rev. E. S. Conner. Burial will take place in the East Hill cemetery there.

EXPRESSES CONFIDENCE

President Wilson Wants Men Under Fire on Reserve Board.

(By United Press.)

Washington, July 8.—In an official statement issued today President Wilson declared his confidence in the ability of Paul M. Warburg of New York and Thomas D. Jones of Chicago and expressed the hope that the senate would confirm the both men as members of the federal reserve board. Both men have been under fire on account of their connections with certain business.

BATTLESHIPS SOLD.

(By United Press.)

Washington, July 8.—The battleships Idaho and Mississippi were formally sold to Greece today. Secretary of the navy Daniels received a check for \$12,535,275.96. This was the original cost.

EDWARD LEE NOW IS COUNCILMAN

Is Elected at Regular Meeting Tuesday Night in Place of Arthur McGinnis, Who Resigned.

A RESOLUTION IS PASSED

Council Sets July 28 as Time For Hearing Remonstrances Against Paving West Second.

Arthur McGinnis tendered his resignation as councilman from the first ward to the city council last night. It was accepted and Edward Lee was elected to the vacancy. Mr. McGinnis, in resigning from the council, stated that because of his business requiring him to be out of the city most of the time he found it impossible to devote the time he should to the council. There was no opposition to the election of Mr. Lee.

The council put in a rather busy night, several important matters coming up for consideration. A petition for the extension of water mains in North Main street along the Stewart & Tompkins addition was presented to the council. The petition was laid on the table for the present. It was stated that at present the city was not in a financial condition to extend the water mains.

The question of trash and dirt being placed in the alleys again was brought up. The merchants in the business district have been told once that if they wished to place trash in the alleys to place it in a box so that it would not be easily scattered. This order has not been obeyed in many instances and in the residence district many of the alleys are very dirty despite the fact that the city hauled all the trash out this spring. The police were instructed to go through all the alleys and notify the residents to clean up or else charges will be filed.

Because of the strike in Pittsburg, the superintendent of the water and light plant has been unable to secure water meters fast enough to supply the demand. In order to overcome this difficulty he was instructed to purchase fifty Nash meters. These meters are considered as good as the one that is being used and according to Superintendent Mahin, will prove satisfactory.

The improvement resolution for the paving of West Second street from Buena Vista avenue to the Pennsylvania railroad was passed and July 28 was set as the time for hearing remonstrances. The resolution called for the paving of the street either with brick, sheet asphalt, granite block or concrete block, according to the plans and specifications on file in the city clerk's office. A petition for the paving was filed several months ago, but the council is just getting to the matter and as it stands it appears that the street will go through as there are not many resident property owners on this section of the street.

The city is in need of electric meters and supplies at the water and light plant. On motion of Councilman Scudder, the clerk will receive bids for the supplies on July 28.

On motion of Councilman Sexton the sewer improvement in the Stewart & Tompkins addition in North Main street was assessed at \$30 a lot. The specifications for the sidewalk improvements in North Oliver and West Eighth streets were approved by the council and the improvement resolution will be put through at the next meeting. The assessment role for the East Seventh street sidewalk improvement was approved.

CITY IS NOT REPRESENTED

No Member of Official Family Attends Municipal League Meeting.

Rushville was not represented at the meeting of the Indiana Municipal League now in session at Columbus. It was planned some time ago for some of the councilmen and the mayor to attend, but they later found that their individual business would not allow them to attend. Rushville is not a member of the league, but it was planned that this city should ask for admittance at this meeting. There is an Indiana law which provides the city shall pay officials who care to attend, the expenses of any or all city of-

HUMIDITY GETS THE UPPER HAND AGAIN

Although the Temperature Showed Only Ninety-Two Degrees, He Made His Presence Felt.

W. M. VENTURES NO OPINION

Mr. Humidity, already well acquainted in these parts, got the upper hand again today and was in full control of the weather situation. It was he who decreed it that your collars should wilt and that your ice melt at the rate of so many pounds per minute. But, a strange thing about this gentleman, he can't always use his persuasive powers in the mercury in the tubes of the thermometers. Although it seemed much hotter, few if any of the thermometers got above two degrees.

The weather man did not even venture an opinion on the temperature. He merely had to say that it would be cloudy. Yesterday the dopster who turns out the daily grind of rain, heat and clouds said today it would be cooler, thereby indicating his lack of knowledge of the subject.

Although the weather man had nothing to say on the question today, all of the local weather critics said all of the signs pointed to rain.

ESTIMATES CORN CROP TO BE LARGER

Department of Agriculture This Afternoon Places Condition at 25.8 Against 66.9 Last Year.

STATE CROP ABOVE AVERAGE

(By United Press.)

Washington, July 8.—In its first report on the condition of 1914 corn crop the department of agriculture this afternoon estimated that on July 1 the condition of the crop was 85.8 per cent, as against 66.9 per cent. last year and 84.7 per cent. for the ten year average. The total corn crop yield is estimated at 2,868,000,000 bushels against 2,337,000,000 last year. The condition of the Indiana corn crop July 1 was estimated at 88 per cent, as against 86 per cent for the ten year average.

The department increased its estimate of the size of the corn crop from 900,000,000 to 930,000,000 based on the condition July 1.

The Sunshine Embroidery club of Raleigh was entertained this afternoon by rs. Horace Glidden.

WOMAN HELD FOR ASSASSINATION

Wife of Freeport, L. I., Physician, at Whose Office Mrs. Louise Bailey Was Shot, Arrested.

AT HOME THIS AFTERNOON

Sensation Sprung When Eyewitness Describes Assassin as Looking Like Mrs. Edwin Carman.

(By United Press.)

New York, July 8.—Mrs. Florence Carman, beautiful wife of Dr. Edwin Carman of Freeport, Long Island, was this afternoon held in connection with the murder of Mrs. Louise Bailey by Coroner Norton. She was arrested at her home and taken to the jail at Minicola in an automobile.

A sensation was sprung today at the inquest into the mysterious shooting of Mrs. Louise Bailey, wealthy Brooklyn woman, in the office of Dr. Edwin Carman, at Freeport. Edwin T. Bard, a real estate dealer claimed that he was in front of the Carman home at the time of assassination and saw a woman near the window of the office.

Bardes said the woman was a blonde and wore a dark skirt and light waist. Mrs. Carman has already testified that on the night of the shooting she wore a blue suit and white waist. She is a blonde.

Bardes said that after the shot was fired, he saw the woman walking slowly toward the house. "The authorities now believe they know who killed Mrs. Bailey."

TWO MEN BLOWN TO ATOMS

Particles of Body Not Found Even When Nitroglycerine Lets go.

(By United Press.)

Findlay, O., July 8.—Charles Armstrong and H. B. Longabaugh, oil well shooters, were blown to atoms today when several hundred quarts of nitroglycerine in which they were carrying in an automobile let go. Not a particle of the two men and only a small piece of the automobile was found after the explosion.

BLACKSMITH KICKED.

John Higley, blacksmith of Fairview, was painfully injured this morning when a horse he was attempting to shoe kicked him, the blow landing on his knee. The horse belonged to Bert Reeves. No bones were broken but the injury will keep Mr. Higley from work for several days. His right arm was also injured as he fell backward after being kicked.

WORDS FROM HOME

Statements That May be Investigated Testimony of Rushville Citizens.

When a Rushville citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Rushville resident. No stronger proof of merit can be had.

Mr. Conner, 1001 North Harrison street, Rushville, Ind., says: "I had backache and pains through my loins and my kidneys were irregular in action. Hearing about Doan's Kidney Pills, I used them. They stopped the pains and regulated the kidney action."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conner had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

ABOUT AS FOOLISH ROCK BABY AS ROCK THE BOAT.

(By United Press.)

Indianapolis, July 8.—Don't rock the baby," says Dr. J. N. Hurty, of the Indiana state board of health, in a bulletin issued today. "It's about as foolish as rocking the boat."

"Rocking and trotting is as exciting to the new born baby as shooting the chutes to an older person," says Dr. Hurty. "When a new born baby cries, the tendency is to pick it up and rock it, but this is all wrong. It hurts the child's nervous system and trains it in bad habits. It takes only a few days for a baby to learn that he will be rocked every time he cries. A baby can be spoiled before it is twenty-four hours old that it will take three weeks of training to overcome the spoiling."

Ten Portland People Are Hurt, Two of Them Probably Fatally, Tuesday Night as Machines Collide.

WERE RUNNING AT HIGH SPEED

Portland, Ind., July 8.—Ten persons were injured, two of them probably fatally, and two escaped in an automobile collision southeast of this city last night when each car at high speed attempted to pass a crossroad before the other.

All concerned are prominent in Portland and Jay County. W. H. Reed, a banker and retired capitalist, was seriously shaken up, and because of his advanced age is not expected to recover.

Others who suffered injuries were Miss Ora Swarner, fatally injured; Mrs. John Mills, of Columbus, Ohio, leg broken; Misses Martha and Ruth Mills, her daughters, cut and bruised; Mrs. George Smith, bruised; Everett McGriff, seriously cut, possibly internally injured; Miss Ola Arnold, Miss Delee Brewington, and Miss Nile Barnett, cut and bruised.

S. B. Paulding and George Smith, drivers of the cars, were thrown clear of the wreck and escaped with a severe shaking up.

TARIFF HURTS THE HOME SHOE MARKET

Shoes from Over Seas Coming with Steadiness that Means Trouble for American Makers

\$500,000 WORTH FIRST YEAR

That the supremacy of the United States as the leading footwear manufacturer of the world is seriously threatened is the statement made by Representative John J. Esch, of Wisconsin. With shoes coming in from abroad, but selling at no less cost than our own American-made shoes, the American home shoe market is likely to be broken down.

The United States makes over five hundred million dollars worth of shoes every year. The shoe industry gives employment to a quarter of a million Americans every year. Each month of the Democratic tariff law, declares Mr. Esch, means an increased displacement of American-made shoes and a lessened demand for American labor.

"No one will deny," says he, "that our American workmen ought to have furnished the half million dollars worth of boots and shoes which will be imported the first year of the new tariff law's operation, especially when there has been no reduction in cost to the American consumer."

TWO BUILDINGS BURN; LOSS \$4,000

St. Paul Suffers Most Disastrous Fire in Its History—Building Torn Down to Check Flames.

STARTED FROM TRASH FIRE

St. Paul, Ind., July 8.—The most damaging fire this place has ever seen was not under control last night until two buildings had burned and a third had been pulled down by a traction engine to check the spread of the flames. The loss is estimated at four thousand dollars, partly covered by insurance. The fire started at three-thirty o'clock yesterday afternoon on the roof of a two story building owned and occupied by Mace Bush from sparks flying from a pile of burning trash.

The Bush building and the Ridlin house, rented by H. A. Gladdish, a druggist, and located across a lot back of the Bush buildings, were both burned to the ground, with all of their contents. The St. Paul Plumbing company's offices and the I. & C. Traction company's office were saved when ropes were wrapped around an old building standing between them and the fire and it was pulled from its foundation. Mace Bush had a pool room in the first floor of his building and he lived in the upper story. James Bush, his father, a veteran of the civil war, narrowly escaped death in the fire. He was in the second story and was barely rescued in time.

THE SECRET OF SUCCESS

Genuine Merits Required to Win the People's Confidence.

Have you ever stopped to reason why it is that so many products that are extensively advertised all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself as like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcel post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Rushville Daily Republican.

At last Democratic mismanagement and extravagance in state affairs is brought home to the taxpayers of Rush county. We have now an example. Under the boosted tax levy of eight and a quarter cents, made by the Democratic legislature of 1913, Rush county this year will have to pay the state approximately twenty thousand dollars more in taxes.

Figure that up, Mr. Hardheaded Business Man, Mr. Careful Farmer, it's a dollar a head increase in Rush county. According to the 1910 census, there are less than twenty thousand people in the county. So for every man, woman and child in Rush county, there must be paid into the state treasury for the privi-

lege of being "run" by Democratic inefficient methods, a dollar this year in excess of that paid last year. Heretofore Republicans have charged that the Democratic state administration is extravagant. The Democrats have replied with vague answers about the increase in the expense of the state institutions. At least they have offered a defense, and in so doing, have always juggled the state financial figures so as to make it appear Democratic administration is the key to economy.

But there is no refutation to this plain statement of facts. There is no answer. The fact still stands out boldly. It costs a dollar more for yourself and for every member of your family this year than it did last, thanks to Democratic business methods, the chief stock and trade of which is to create more officers to supply the hungry Democrats who have been off of the "pie" counter so long.

With much gusto it was announced recently that the state had paid off its debt, when, in fact, it had merely paid off a temporary loan made necessary by extravagance with funds which the county treasurers of the state paid in at the June settlement. The state will have no more money coming from the counties until December and there is no possible way for it to bridge over until then without borrowing money.

Even in spite of the fact that the state is this year acquiring a new revenue of \$300,000 from the inheritance tax fund, Democratic inefficiency and mismanagement is not calculated to meet the expense of the state.

SEES WATSON AS A CANDIDATE

Editor of Shawneetown, Ill., News-Gleaner Mentions Him as Presidential Possibility.

ALSO HUGHES OF NEW YORK

Says Rushville Man Has Played many Parts in Public Life and Played Them Well

The editor of the News-Gleaner of Shawneetown, Ill., sees in James E. Watson of this city a presidential possibility in 1916. He mentions Mr. Watson along with Justice Hughes of New York. During the course of an editorial on politics he says:

There is a prevailing sentiment well founded, that the Republican party will control the next congress, to be elected this fall, and elect a president and congress in 1913 by its old-time plurality. In little more than a year of the present administration, which is purely Democratic and putting Democratic theories into practice, business has been disorganized, new enterprises are not undertaken, manufactories of all kinds have almost quit work, railroads are running on half force, business in the jobbing and retail lines is almost paralyzed—all the result of legislation enacted by the new administration. This has all been done under the direction of President Wilson, who is undoubtedly actuated by honest intentions, excellent desires and proceeding in a patriotic spirit. This makes Democratic prospects all the weaker. It is our belief that the American people have confidence in President Wilson, who is putting the party theories into practice. These principles have never worked successfully; they never will, and the people will naturally turn to the Republican

party for relief as they have always done before.

We do not believe the Progressives will cut any great figure in the campaigns. All Progressives, excepting a few leaders, are Republicans, and vote the Republican ticket, regardless of what Mr. Roosevelt or anyone else says. We do not believe the big vote polled by the new party in 1912 counts for anything now. The people wanted a change in 1912, just as they did more than once prior to that time, when the country was prosperous and labor was employed at fair rates of wages. Very soon after President Harrison's defeat the country discovered its blunder. It was a costly and humiliating mistake for the nation, just as the election in 1912 has resulted, and well do the people remember it. Just as they were in 1892 the people in 1912 were so prosperous that there grew up a notion that prosperity was the regular and fixed condition in the United States, which could not be broken by any mistakes at the polls. They learned better then; they have learned better again and this is why we think the Republican party will be called upon to "put the government on its feet" again in 1914 and 1916.

Some will be heard to say we have no Harrison's no McKinley's, no great men to head the party, therefore it will not command the confidence of the people again. This is a fatuous impression. The woods are full of great men—Hughes, of New York, Watson of Indiana, and others farther west are just as capable now as were Harrison and McKinley when they were elevated to the president's chair, and they will develop to be just as great presidents, should either of them be elected. Justice Hughes, although he has refused to entertain presidential aspirations, has been classed as splendid presidential timber for several years. Watson, of Indiana, has played many parts in the public life of his country, and he played all of them well. He is a good lawyer, a skillful campaign manager, he was an industrious and valuable member of congress for a number of terms, he is an accomplished orator and writer, an able statesman and would make a courageous and successful president. There are others that might be mentioned who will fill all

the requirements of the American people. We will have no difficulty in finding a great leader for the Republican party in 1916 and we will have much less difficulty in electing him. This is the only hopeful sign we can see at present.

BOYS ARE PEEVED AT POLICE FORCE

Local Youths Deny Story From Greensburg and Say They Were Wrongfully Held in Jail.

BOOZE WAS BROUGHT THERE

Ray Brown, George Myers, Delbert Newman and Charles Bennett, the four Rushville boys arrested in Greensburg last Saturday and held until Monday when they were turned loose, are considerably peeved at the police department and the Greensburg papers. The boys deny that they were intoxicated and as far as trying to sell some whiskey, the boys say they were not running in competition with the blind tiger where they secured the quart. The police had no charge whatever against the local boys and they were held in jail for almost forty hours without an affidavit being placed against them. The boys say they were near a lumber yard waiting for a train to this city and that they did not make insulting remarks to people going by.

YOUR CHILDREN

Owing to the care and thoughtfulness of our relatives, many of us when we became of age had the advantage of a bank account with which to begin the battle of life.

Why not have the same consideration for your boy or girl and start a savings account with this bank in his or her name?

An account of this kind at compound interest will keep growth with the child.

K. OF C. TEAM WILL PLAY HERE SUNDAY

Fast Cincinnati Aggregation Headed by Ambrose Puttman Will Appear Against Arcadians

FAST CONTEST IS EXPECTED

The Arcadians will take on the fast Knights of Columbus team of Cincinnati Sunday. Since the showing of the new team last Sunday the fans are confident that the team is a winner. The K of C. aggregation is considered one of the best out of Cincinnati and is headed by Ambrose Puttman, former big league star. The game here should be one of the best of the season and a large crowd is expected.

Manager Davidson of the Arcadians will bring the same strong team here next Sunday that he did last and the Arcadians expect to win. Puttman will do the pitching for the K. of C. and the rest of the lineup is as follows: Crothy, short; Sebas, center; Shields, third; Lang, left; Brokamp, first; Sandman, right; Koefell, second, and Mulvaney, catch.

FORCE OF 6,000 IS CUT TO PIECES

News of Constitutionalist Victory Over Federal Troops Near Guadalajara is Received

THE BATTLE RAGES 36 HOURS

(By United Press.)

Torreón, Mexico, July 8.—A Federal force numbering about 6,000 was nearly cut to pieces by Constitutionalists under General Obregon when they sallied out of Guadalajara, according to dispatches received here today by General Villa. The battle raged for 36 hours. The remnants of the Federal army are fleeing towards Guadalajara, but Obregon is trying to cut them off. Losses on both sides are heavy.

In their flight the Federals abandoned their troop trains and much artillery and ammunition. The Constitutionalists took several hundred prisoners.

IS CHARGED UNDER WHITE SLAVE ACT

John McNutt of Greenville, Ohio, Given Preliminary Hearing Before Commissioner Young

FERN DENISON IS THE GIRL

(By United Press.)

Indianapolis, Ind., July 8.—John McNutt, 24, of Greenville, O., was to be arraigned before United States Commissioner Young here today at a preliminary hearing on the charge of violating the white slave act.

McNutt was arrested as the result of the activity of A. F. Kearney, special investigator for the department of justice, who recently came here and opened a new federal bureau of investigation. It is charged that he transported Miss Fern Denison of Greenville, O., across the state line to Union City, Ind., for immoral purposes and later accompanied her to Anderson, Ind., where he was arrested.

In defense, McNutt asserts that he accompanied the girl to Union City to visit her sister. They missed one car, he said, and she refused to return on the next.

BITTER LABOR WAS STARTED

Same Issues Involved and Same Forces at Work as Marked Strike in Copper District

IS CARRIED ON SECRETLY

Mining Companies Using Everything in Their Power to Stop Further March of Unionism

(By United Press.)

Calumet, Mich., July 8.—A labor war, as bitter as that which marked the strike of last year, is again in progress in Michigan's copper country.

The same issues are at stake and the same forces are pitted against each other.

The present struggle is merely a continuation of the old, capital against labor, with the main issue the right of the miners to organize.

The new fight is being carried on secretly—beneath the surface—and there are few open clashes, but both sides realize that it is merely preliminary to a struggle that will make last year's famous strike appear insignificant.

The district is filled to overflowing with workers for union organizations who are secretly carrying their propaganda to the miners. Three labor organizations—the Western Federation of Miners, the I. W. W. and the United Mine Workers of America—have active representatives in the district and are fast organizing the workers for another strike. Hundreds of form members of the Western Federation of Miners are said to be again affiliating with that organization and the other labor bodies are also said to be meeting with success in their campaign for members.

But in the meantime, the operators have not been idle. Their power threatened, the mining companies are using every weapon at their command to halt the further march of unionism. Through their elaborate underground secret service systems, they are identifying those of their employees who affiliate with the unions and are ordering their immediate discharge. Workers make the charge that many who are merely suspected of actively supporting the labor unions are dismissed from their positions.

Their new struggle is not confined of the copper country alone. Throughout the iron fields, a similar situation is said to exist. The Socialists, even powerful in the iron mining districts, are reported to be giving their entire support to the effort to unionize the men. In former years, the Socialists have refused to throw their influence on the side of the Federation agitators and their changed attitude now is said to have doubled the chances for a successful invasion of the iron fields by the labor organizations.

When open warfare will be resumed, no one seems willing to predict, but both sides realize that it is certain to come as tomorrow's sun, and they are preparing for it.

PROSPECTS FOR PENNANT

South Bend all Worked up and Booster Day is Held

(By United Press.)

South Bend, Ind., July 8.—The biggest crowd that has seen a baseball game here in many years was expected to fill the local park this afternoon as the result of a Booster Day Campaign conducted by local business men. Enthusiastic over South Bend's chances of winning a pennant in the Southern Michigan league, members of the Chamber of Commerce arranged the celebration. Mayor F. W. Keller announced a half holiday and many stores and offices were closed this afternoon. The Hoosiers were scheduled to meet the Lansing Senators.

LADIES' READY TO WEAR

that commonwealth, which he held to be one of the most promising in the Middle West. When the government was building the National road which, as Main street, now divided Richmond, Haynes came over the uncompleted thoroughfare to Richmond where he had relatives.

"I don't remember exactly but I believe all there was in the town in 1837 was a post office and a grocery store and a few scattered buildings. The country was heavily wooded with underbrush so thick that only the trails and the few roads could be traveled."

Reverting to the change of conditions in eastern Indiana, Haynes recalls when he wrote his first letter on foolscap and sealed it with wax.

"One of the first stamps I saw was pinned on a letter, the sender writing under it, 'paid if the d--- thing sticks.'"

Haynes claims a personal acquaintance with Abraham Lincoln.

"I was at his home in Springfield several times. He was very witty. One day a man told him a long story, after which Lincoln said: 'I never heard anything of which that reminds me.'"

Haynes helped build the first railroad into Richmond and rode on the first train that entered the city. During the Civil war he was active in the Underground Railroad, helping slaves from Ohio stations to the one maintained at Fountain City in the northern part of Wayne county.

WAYNE'S OLDEST MAN IS DYING

Despite Ravages of Senility Mark Haynes, 91 Years Old, is Most Cheerful Man in Richmond

TOOK THINGS AS THEY CAME

Tells Nurse Secret of His Longevity—Says Tobacco Never Injured Him

(By United Press.)

Richmond, Ind., July 8.—Wayne county's oldest man, Mark Haynes, 91 years, is dying at his home here. All his relatives are dead excepting a grand-daughter who lives in Indianapolis. Physicians say death is a matter of only a week.

Despite the ravages of senility, Haynes is one of the most cheerful men in Richmond.

"It is fine to live such a long time, but I never did anything to prolong my life," he told the nurse when she inquired for the secret of his longevity.

"I just took things as they came and never worried. I have always looked on the bright side of every thing. I have always eaten whatever I wanted whenever I wanted. The use of tobacco has never hurt me."

"I would like to go back and live it all over again. I have always been able to see the funny side of things. My friends never could see the funny things I did. I think that must be the reason why I have lived so long, because I got so much fun out of life."

Haynes was born on a farm near Oakland, four miles from Wmington, Ohio, in 1823. As a boy he often told his father that he wanted to go to Indiana and grow up in

that they had their tickets all placed when they were delivered.

The program booklet is now being printed and will be issued from the presses the latter part of the week in ample time for the chautauqua which will be held August 2 to 9 inclusive. The members of the program committee this year say that the program this year is bound to be better than it ever has been because it is a much more costly program. It is a well established fact by this time that the Rush county chautauqua puts into its program the best talent which is on the market and that the patrons can get for \$1.50 more than similar institutions in other cities offer for \$2.00, \$2.50, or even twice as much.

The people of the city and county, by their patronage, have shown that they appreciate the voluntary services of directors and officers and they are, in this way, making the chautauqua better every year.

Childrens' tickets may be purchased at either Hargrove & Mullin's or F. E. Wolcott's drug store.

Pay Telephone Toll

Don't overlook to pay your telephone toll before July 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, 95110. Secretary.

TICKETS ARE ON SALE NOW

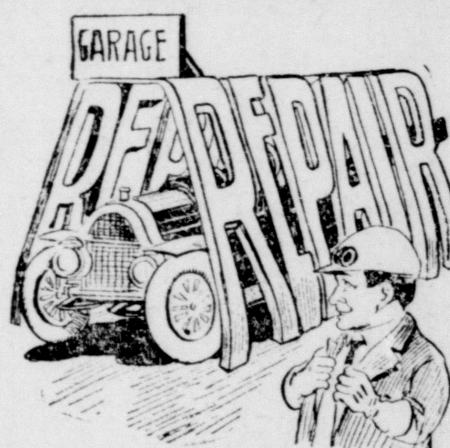

Secretary of Rush County Chautauqua Association Places Them in Hands of Guarantors

WILL SELL AT USUAL PRICES

No Other Tickets Will be Placed on Sale Until all of This Class Has Been Sold

Now that the secretary of the Rush County Chautauqua association has placed the season tickets in the hands of the guarantors, they may be purchased by patrons of the chautauqua at \$1.50 each for adults and .75 cents each for childrens' so long as they last.

The chautauqua management has established a new rule in regard to the sale of tickets so as to protect the guarantors, each of whom stands responsible for the sale of \$15 worth of season tickets. When the last of guaranteed tickets has been sold only then can season tickets be had at \$2.00 for adults and \$1.00 for children from eight to twelve years of age. Some guarantors reported
